CNEAP 401 PRESENTATION TASK SHEET: Semester 1, 2025

TOPIC

You are going to prepare and deliver an individual PowerPoint presentation on your essay topic. You should examine problems and solutions, and the solutions should be evaluated.

SPECIFIC REQUIREMENTS

- Each of you will present in front of a group of four other classmates. At the end of your presentation there will be time for questions. This is an important part of the presentation, so please ensure that you prepare adequately.

- You must arrive 10 minutes before the allocated period for your group.

- The presentation should last 5-6 minutes plus time for questions. At the end of 5 minutes, the examiner will indicate that 30 seconds are left. At 6 minutes and 30 seconds you will be asked to stop presenting, even if you have not finished. Presentations who present for less than 4 minutes will have a 5% reduction in their grade for the final presentation.

- Prepare 5–15 slides, including:
  - Slide 1: Name, student ID, and class
  - Slides 2–n: Introduction, main body, conclusion
  - Final slide: References (minimum of 6)

- Cite sources on relevant slides.

- Speak clearly and confidently, make eye contact with the audience and use visual aids effectively. Avoid reading directly from slides and practice using gestures to emphasize key points.

- Your presentation must be an original work, which is not copied in whole or in part from another source.

- The presentation is worth 15% of your final mark for the module.

- Failure to deliver the presentation will result in a mark of zero.
